

Name: _____ Date: _____ Per: _____

Evolution Vocabulary

Evolution –

Theory –

Fossil –

Artificial Selection –

Struggle for Existence –

Fitness –

Adaptation –

Survival of the Fittest –

Natural Selection –

Descent with Modification –

Homologous Structures –

Vestigial Organs –

Gene Pool –

Directional Selection –

Stabilizing Selection –

Disruptive Selection –

Genetic Drift –

Hardy – Weinberg Principle –

Genetic Equilibrium –

Speciation –

Reproductive Isolation –

Behavioral Isolation –

Geographic Isolation –

Temporal Isolation -
